HISTELCON 2023

Florence, Italy - 7-9 September 2023

SCIENCE AND TECHNOLOGY OR TECHNOLOGY AND SCIENCE?

FIRST ANNOUNCEMENT AND CALL FOR PAPERS

HISTELCON is a flagship conference series of the IEEE Region 8 held every two years and is dedicated to any aspects of the history of electrical engineering, electronics, computing and their impact on social and economical and development.

HISTELCON 2023 will be the eighth HISTELCON conference, coming back to Italy after the 2012 Pavia edition. It will be a hybrid event, held both live and online. The conference official language is English, and all presentations will be oral. The conference will be hosted in the magnificent city of Florence, Italy, in the *Antica Canonica di San Giovanni*, in Florence Cathedral Square.

CALL FOR PAPERS

In addition to the relations between **Technology and Science**, the conference is open to other topics, including:

- **Technology museums**
- **Computers and microprocessors**
- **Device and system vulnerability**
- **Foundational research and Big Science**
- **Measurement systems and units**
- **Big corporations**
- **Radio astronomy**
- **Humanistic studies and technology**

Save the date and join us in Florence!

Important dates

29 April 2023 – Paper Submission
9 June 2023 – Paper review notification
24 June 2023 – Final Camera-ready paper submission
5 July 2023 – Early bird registration expires

Papers can **either** be **one-page abstracts** or **two to four pages full papers**. Both will undergo the same review process with the same deadlines, but only full papers will be considered for publication in IEEE Xplore. To this aim, each accepted paper must be presented by a registered author. Not more than two papers can be presented by a single author. A charge applies to the second paper.
